

DS100 INSURANCE SUMMARY

GENERAL INFORMATION

- Daytona Stage Hire essentially carries two main types of insurance, in this section we will identify those types and the eventualities that they are intended to cover.
- We will also outline what kind of insurance we expect you the Event Organiser to carry, what that insurance should cover and the values of our equipment.
- Finally, there is a copy of our current insurance certificate.

LIABILITY INSURANCE

- We carry Public and Employers Liability insurance with limits of indemnity of £10,000,000 each. This will indemnify Daytona Stage Hire in respect of our legal liability for damage to third party property, injury to third party persons and injury to our employees arising out of and in connection with our business activities.

EQUIPMENT INSURANCE

- Daytona Stage Hire carry adequate All Risks insurance cover on the stage units and ancillary equipment to cover delivery and collection of the equipment and the erection and dismantle of the equipment on site.

EVENT ORGANISER'S INSURANCE OBLIGATIONS

- It is the responsibility of all our hirers to arrange their own Public and Employers Liability insurance for the events that they are organising, including any activities that will take place in or around the hired stage unit.
- At all points between the erection and dismantle of the stage it is the responsibility of the hirer to arrange adequate All Risks insurance cover on the hired equipment.
- A copy of this insurance document is to be provided to Daytona Stage Hire as evidence of the Event Organiser having adequate insurance cover prior to equipment being delivered to site.
