

DAYTONA

STAGE HIRE

DS100 STAGE DECK CURTAIN SPECIFICATION

GENERAL INFORMATION

- The Daytona DS100 Mobile Stage features a black stage deck curtain, which forms a 'skirt' around the front edge of the stage deck. As the trim height of the stage deck is 1.5m from the ground, this is also the 'depth' of the curtain.

SPECIFICATION

- Material Type: PE680/FR/L 1100 d/tex high tenacity polyester
- Total Weight : 680g/m² plus or minus 25g/m²
- Tensile Strength N/50mm (ave.) : Warp 2300, Weft 2300
- Tear Strength N (ave.) : Warp 300, Weft 200
- Coating Adhesion N/50mm (ave.) : 90
- Temperature Resistance : -25°C to +70°C
- Special Properties : U.V. stabilised and fungicide treated

STANDARDS

- BS 3424/5A
- BS 3424/6B
- BS 3424/7B
